### A. RATE APPLICATIONS

**DOCKET NO. U-31936** -Pointe Coupee Electric Membership Corporation, ex parte. In re: Application for Approval of an Adjustment in the Retail Rates of Pointe Coupee Electric Membership Corporation. The rate increase seeks an approximate \$1,503,421 annual rate increase in revenues to Pointe Coupee, representing a 7.7% overall increase in its rates. The increase is needed due to a down turn in Pointe Coupee’s sales of power coupled with increased costs of operations which impacted Pointe Coupee’s financial condition that it requires an increase in its rates to maintain its operations and enable it to meet to meet its mortgage requirement its lenders, including the United States of America, through the Rural Utilities Service. It is estimated the proposed increase of \$1.5 million annually will have the following impact upon Pointe Coupee’s customer’s bills based on average power costs adjustment in 2010. A bill for Residential Service for 1,000 kWh would increase from \$83.00 to \$90.80. A bill for small General Service for 2,000 kWh would increase from \$202.80 to \$224.60. A bill for Large Power for 5,000 kWh would increase from \$412.00 to \$424.00. **(Republished to include the amount of the requested increase)**
